

Our Mission

We strive for perfection in our blends and handcraft each flavor combination to perfectly compliment any mood you're feeling. We provide cool, sweet relief to your beach days with tasty and refreshing blends of fruit. We wanted to make choosing what to eat easy and simple, just like the ingredients we put into our treats, so any bowl can be converted into a smoothie and any smoothie can be converted into a bowl, you just pick the toppings! Or, completely customize to your exact liking! Pick a base and toppings for bowls, or pick a blend and add-ins for smoothies.

About Us

The name Rainbowl Acai, is a play on combining the words rainbow and bowl. Our founder's name, Isa, means rainbow in Guamanian, which is the Island her mom grew up on, so she knew it had to be incorporated somehow. Isa grew up right here and San Diego and loved beach days with her friends followed by stopping to grab acai bowls on the way back home. She wanted others to feel this same joy and fulfillment she felt when she was laughing and eating at the beach with her friends, so she created this shop, right down the street from her favorite beach! Grab a bowl or a smoothie and head on down to the water for some great views!
